

BAHS REMEMBERS:

A 911 Tribute

Photo Story Video Project

The Mission:

Create a digital story depicting how we, as Americans, remember the events that occurred on September 11, 2001 and/or how that momentous day changed the course of history in our country. Your narrative may include historical facts about the tragedy, thoughts on how we honor the many American heroes that emerged on that fateful day – individuals who lost their lives, emergency personnel and survivors as well as any other pertinent information that will enable you to tell your own story about 9/11.

The Requirements:

- You must use the Photo Story program to create your project.
- Your digital story must include at least 15 slides – one title slide, 12 informational slides, one concluding slide & a citations slide in which attribution is given to each photo used in your story. (Power Point may be utilized to create your title, concluding and citation slides.)
- Your story must include a voiceover/ narration – written and recorded by you and your partner. (Evidence of this portion of the project must be submitted with your final project. (i.e. Storyboard handout and/or notes).
- Music must accompany your slide show. Please create or upload a soundtrack that enhances the overall tone/mood of your digital story.
- All photos, images and music must be obtained from a copyright-free site. (See links that are provided on our Multimedia wikispace located at <http://batechj20.wikispaces.com>.)
- Be creative! Have fun! 😊
